

# Activity 01

Levels: 1 and 2

## Title: Let's watch a movie

[www.fundaciondiabetes.org](http://www.fundaciondiabetes.org)

### BUYING A TICKET

We're about to watch an animated film!

First, just as you would do - when you go to the movies - we've got to get tickets! However, to get into this movie theater you won't need any money: all you'll have to do is answer a few questions. For instance:

- Do you know anyone who's got diabetes?
- What things does he or she have to do, that you don't?

### SETTLING DOWN, TO WATCH THE MOVIE

You're, now, going to watch the film! It's about three kids who go on an adventure. There's a boy, called Bernard; his sister, Rosie; and her friend, Carol.

Carol's got diabetes. It doesn't stop her from doing all the same things the other kids do; she is, however, required to take special care of herself.

Watch carefully, and see what special things she has to do.

### AFTER THE MOVIE

What would your answer be to the following questions?

- Did you like the movie?:      LIKED IT      DIDN'T LIKE IT
- Why?
- What special things does Carol have to do, because she's got diabetes?
- Do you think Carol's a happy girl?
